In reference to the note dated 11/28/2016 (reception date: 12/05/2016), ref. no.: BTT-259/MN/2016, on provision of a decision of the Regional Director for Environmental Protection in Cracow dated 03/08/2016, ref. no.: ST-I.4233.2.2015.BM, on environmental conditions for the Works Contract comprising extension of the left embankment and of the right embankment of the Biala River in the City of Tarnów, according to implementation option "2", I hereby inform that *protective strips with a width of 3.0 m, on average, from the embankment slope's foot or from the road at the embankment* are included in the aforementioned decision.

I moreover inform that interpretation of a phrase stating "*no construction works – scope adopted for the purpose of future expropriation*" in reference to protective strips, as given in characteristics of the planned Works Contract – forming an appendix to the aforementioned decision on environmental conditions, and also consideration whether the protective strips in question remain a part of the aforementioned Works Contract necessary for its implementation and whether they are located on land properties within lines splitting the Contract area, as well as their following expropriation remain in competences of the Investor.
